Australian Style Menus & Prices For 2016

Many thanks for taking a look at our menus and prices and whatever you are celebrating we do hope we will be able to help you with your arrangements. Our extensive and clearly priced menus are set out over the following pages, but if you cannot find exactly what you are looking simply let us know!

Our Menus Include

Hot & Cold Canapés	Classic Hog Roasts	Formal Sit Down Meals
Sizzling BBQs	Authentic Paella	Traditional High Teas
Hot and Cold Starters	Hot and Cold Suppers	

Organising any event can be very stressful but, hopefully, our 20 years organising weddings, parties and corporate events can take some of the burden from your shoulders. We do get very busy but would be delighted to provisionally reserve your date whilst we discuss your requirements and prepare a detailed plan and menu for your big day. And that's the thing.... We always remember it is your big day and not ours, which is possibly why so many clients recommend us to their friends and use us time after time.

Almost everything we serve is freshly made from the freshest and finest ingredients we can find, with the centrepiece often being our Spit Roast Meats or Barbecues. We also offer more traditional 2, 3 and 4 course Sit Down Meals, Chicken, Chorizo and Seafood Paellas, Hot and Cold Buffets as well as fabulous Canapés and Entrées for more formal events. For an occasion such as yours any of these options will provide an exciting yet economic way of feeding your guests.

Our menu prices include all cutlery, crockery, cooking and serving equipment, including ovens, gas rings, hot water urns, Barbecues, Spits and cold boxes etc. together with our washing up and equipment cleaning costs, without charge. Table Linen and our unique Drinks Service (you provide the drinks and we supply and do everything else) are available for a modest extra charge. The fact that most of our clients opt for these services suggests we are highly competitive!

All our menus include a delicious section of carefully chosen Salads or Hot Vegetables, New Potatoes, Rustic Breads and Rolls as well as 3 of our homemade desserts. We always include a non-meat alternative for your Vegetarian guests.

Australian Style Menus 2016 Continued...

Our Chefs and staff will usually arrive up to 3 hours ahead of your eating time, to set up the catering area, lay up Guest tables, prepare all foods to be served, cook and serve the meal, and generally be of service to you before clearing away.

Our prices are straightforward; In addition to the menu price and, depending on your guest numbers, you will need the services of 1 or 2 our experienced Chefs who cost £130.00 each for the first 8 hours and £20 an hour thereafter.

For larger parties we strongly recommend additional members of staff who will prepare your drinks for service, lay up tables and generally make sure everything is ready in advance of your guests' arrival. They will then circulate with canapés and drinks before looking after you and your guests throughout the day. The charge for this will be £100.00 each for the first 8 hours and £15.00 per hour thereafter. But do remember that for most Weddings most staff will probably be working for at least 9 hours.

In addition to the basic 8 hours these rates also cover their traveling time and expenses to and from each event up to 1 hour each way.

If you are worried what it all might cost just tell us what you have planned, for how many and where and when, and we will prepare a sample menu for you and an estimate of the likely costs. Alternatively we are happy to meet with you at your home or your venue when we can discuss your exact requirements and answer any queries you may have.

Finally, we do hope you will find something to your liking in our menus and look forward to hearing from you shortly.

Geoff & Joy Letch

All our prices are complete. There are no hidden charges or additional taxes to be added.

Although the menu prices in this letter are all based on 50 or more guests we are happy to cater for parties of all sizes, however a higher price may apply for smaller numbers.
